The primary purpose was to Honour someone whose contribution helped FCBM. The intent of Donor Family must be respected.

In the First year (1988) one ticklish issue arose, with so many eligible stalwarts how to make a distinction of selecting one without hurting sentiments of rest! After debating it was decided to make one time exception by awarding 12 Stalwarts of FCBM together as they had all made yeoman contribution to formation and growth of FCBM. Thereafter also the award was given only for Best Contribution to FCBM and same must be continued.

COMMITTEE FOR AWARD

This Committee called as Harlalka Award Committee will be constituted of 3 Past Presidents, who are still running corrugated packaging business and have been continuously active in affairs of FCBM and who were recipients of this award and present in meeting, will be appointed by the FCBM Managing Committee every year; by draw of lots by a panel of two Regional Association Presidents. The Committee will be sole authority to decide the awardee for the year. In case the committee is of the opinion that no Member or Person qualifies for the award in any particular year then this award may not be given in that year. The decision of the Committee may normally be accepted by FCBM MC except in some very extenuating circumstance, duly recorded by MC.

Only one award per year will be a strict norm so as not to dilute its stature. Unless the Managing Committee feels very strong case for a second awardee exists, this rule should be deviated.

The award can be given to a Member or Person only once.

Regional Association's may recommend a person from their region along with his biodata and resume. Such recommendation will, however, not be binding on the Award Committee.
